Learning Enhancement Teacher (LET)

- The LET works collaboratively and consultatively with teachers, parents, students and the Support Team to provide strategies for students requiring some additional support or extension.
- The LET may work with the whole class, small groups or individuals.
- All correspondence and consultation meetings with the LET will include the classroom teacher.
- Sharing information on student with outside agencies will require written consent form signed.
- Documentation received from outside agencies that will help us to support your child should be handed to the classroom teacher.

(e.g. OT/PT reports, speech and hearing assessments, Paediatrician reports)

Together we....

- plan units of work,
- share ideas and resources,
- design assessment tasks, and
- moderate assessments to ensure consistency of judgement.

While we are working together closely, drawing on each other's strengths and covering the same curriculum, there will be some slight differences from class to class as we tailor our approach to the needs of our own students.

Statement of Intent (S.O.I.)

A key planning document

- Developed collaboratively by the team each fortnight, and then tailored to the context of each class as might be needed.
- Outlines the developmental domains and learning intentions for the fortnight.
- Is shared (emailed) to parents to keep you informed.

Note that this document is responsive to students' needs and some aspects of learning may be carried over into the following fortnight.

While there are categories of learning throughout the day, teachers ensure investigations and formal teaching have continuity and are connected, rather than being separate entities.

Outdoor Learning

•The Walker Learning pedagogy views outdoor space as equal to indoor space, and extremely important in learning, most especially for young children.

•All experiences that are provided indoors may also be provided outside the classroom on occasion (weather permitting).

Brain Break

CHAPEL HILL

- Significant snack at about 9:30/10.00 am each day.
- Could be fruit or vegetables & crackers, cheese, yoghurt –
 easy to eat food
- Drink water only
- Food needs to be ready to eat and something your child can eat in approximately ten minutes.
- No messy foods because brain break is eaten inside sometimes.

PLEASE NOTE:

We have students who have multiple food allergies (e.g. nuts, eggs, different types of seeds etc) in our year level and across the school.

We would ask parents to be mindful of this when packing food for school please – **No Nuts or Nut spreads** please.

<u>Curriculum Overviews</u> are available on the CHSS website. These documents provide parents with a snapshot of what will be taught each term, and how the learning will be assessed.

We aim to keep our assessment practices developmentally appropriate.

For Year One, this means a focus on teacher observation and one-on-one conversations during investigations, collecting samples of work and 'pencil and paper' tasks towards the end of a unit of work.
